## The Accident of Beauty

### An introduction to Japanese Brush Painting (Sumi-e) & Raku Pottery

Join renowned potter Anthony Shapiro and Louis van Loon, founder of The Buddhist Retreat Centre, Ixopo in this fascinating experience of Shibui – a form of art that relies as much on unpredictable natural processes as it does on the artist directing them.

**Louis** will teach participants the classical Japanese brush painting techniques (sumi-e) using the genuine materials.

Under **Anthony's** direction, participants will produce a pinch pot which they will carve and decorate. They will receive another two tea bowls to sumie-decorate and glaze.

Anthony will then fire up the kiln. We will watch the magic as the pots emerge triumphantly.
